VOL. XX.—NO. 5945. PORTLAND, OREGON: MONDAY, APRIL 12, 1880. PRICE—TEN CENTS

This process will be used in the mill, which is to be completed Aug 1st.

Horrible Affair.

CINCINNATI, April 10.—Enoch Mossiander, a bachelor, 77 years old, and reputed wealthy, was discovered burned to death on his farm near Bellaire. The theory is that robbers burned him trying to extort the secret of where he kept his money, that having been once before attempted.

Hanged for Arson and Robbery.

CHARLESTON, April 9.—Amos Wolton, colored, was hanged to-day at Bennettsville for burning and robbing Breeden's mill. The fall did not break his neck, and he died of strangulation. This was the first execution in the state under the new law against arson.

A Woman Murdered by her Insane Son.

LOUISVILLE, April 10.—Mrs. Wilhelmina [illegible] was murdered to-day by her insane son William with a butcher knife.

Fight with the Indians.

SANTA FE, April 9.—Information received at military headquarters says that General Hatch, with a part of the command, attacked the Indians in a camp in San Andreas mountain. The fight lasted six hours and the Indians retreated, leaving their dead behind. [illegible] Henry Carroll of the 9th cavalry, and two soldiers, were severely wounded. A large amount of stock was captured from the Indians, who are supposed to be Mescalero Apaches, as they retreated towards the Mescalero Apache agency. Hatch with his command, is in pursuit.

The New York Democracy.

NEW YORK, April 9.—A committee of the Irving hall democracy, appointed for the purpose, met to-day and sent to the democratic union, who are trying to harmonize factions of democrats, an answer to a communication of the democratic union declining their proposition and also a copy of the resolution passed by the committee declaring they disapproved any arrangements that necessarily involved the responsibility of introducing to national or state conventions, delegates from any organization which threatened to dispute their authority and repudiate their candidates, and that whenever such organization conceded to unite with the regular democracy in unreserved support of national and state candidates, this committee would be prepared cordially to arrange terms and conditions upon which democratic co-operation and harmony could be secured and perpetuated.

Destructive Fire.

ST. PAUL, April 9.—A special to the *Pioneer Press* says that destructive prairie fires rage south of Sioux Falls, Dakota. Several farmers have lost buildings and crops and it is rumored that several persons were fatally burned. Only one name is given, Peter Borge, a farmer near Sioux Falls that was burned to death.

Railroad Decision.

HARRISBURG, Pa., April 9.—An opinion was filed by Judge Henderson to-day in the case of the Commonwealth vs. The Pennsylvania railroad. An appeal by the latter was taken.

A Suit against Sheridan.

NEW YORK, April 9.—The suit of James A. [illegible] against Gen. Sheridan, has been appealed to the United States supreme court by Judge Blatchford's writ. Plaintiff's claim is for $20,000, the value of personal property on the Killona plantation, Louisiana, from which he was ejected.

Big Forgeries.

Two checks purporting to be drawn by Gilbert Schenck, county treasurer of Kings county, for $6500 and $4500 on the National City Bank of Brooklyn, and certified to-day, are forgeries and will not be paid

Good Showing.

Failures for the first quarter of the present year as reported by the mercantile agency of R. G. Dun & Co., indicate a very great decline, not only in the number, but especially in the amount of liabilities. In the first three months of 1880, there were 1400 failures as against 2500 for the first three months of 1878. Liabilities for the first quarter of 1880, are only $12,000,000, as against $43,000,000 in the same period of 1879, and $82,000,000 in the first quarter of 1878. The agency draws attention to the fact that these figures indicate a steady continuance of favorable conditions for the trade of the country.

WASHINGTON CITY.

A Government Building to be Erected at Sacramento

WASHINGTON, April 10.—The house committee on public buildings and grounds agreed to-day to recommend the passage of a bill providing for the erection of a public building at Sacramento at a cost not exceeding $100,000.

A "Boss" in Trouble.

WASHINGTON, April 4.—Considerable interest has been created in political circles by a visit here this week of certain prominent Pennsylvania republicans, in connection with the republican presidential nomination. It is understood that these gentlemen came here more particularly for the purpose of having an interview with Senator Don Cameron, and that they informed him, in terms not to be mistaken, that it would be simply impossible for the Pennsylvania delegation to Chicago to be controlled as a unit for Gen. Grant. At the Cincinnati convention in 1876, Don Cameron found that he could not vote the Pennsylvania delegation to suit his own personal views and ends, as the friends of Mr. Blaine refused peremptorily to allow their votes to be cast for other candidates after the farce of voting for Hartranft was concluded. It is considered quite certain, as things are now going, that Cameron will find his delegation refractory from the start, and that the Blaine men will demand the right to cast their votes for their own favorite.

Acklin and King.

CHICAGO, April 10.—A *Times* special from Washington declares that Acklin and King have gone to Louisiana for a duel, but a New Orleans special says that the story is undoubtedly false, Acklin only being there to conduct his congressional campaign.

Ben's Case.

WASHINGTON, April 9.—In the circuit court Judge Cox refused the motion of Senator Hill's counsel to strike out the case of Raymond vs. Hill from the docket, and held that inasmuch as Miss Raymond had stated in open court that she authorized the institution of the suit, the case must be tried.

The Northern Pacific's Bill.

WASHINGTON, April 10.—The sub-committee on the Pacific railroad to whom was referred the bill extending the time accorded the Northern Pacific Railroad in which to fulfill the condition on which its land grants are based, after a prolonged discussion reached a vote on the proposition to grant an extension of ten years and decided adversely. A proposition was then made to extend the time six years, but pending discussion, and without reaching a vote, the committee adjourned. This last proposition is the one embodied in the senate bill, and upon which the senate railroad committee is expected to take action at a meeting to-morrow or Monday.

Confirmation of the Chinese Commission.

The senate to-day confirmed the appointment of Angel to be minister to China; Jas. Smith of California, and Wm. H. Prescott of South Carolina to be commissioners to China, to constitute, with the envoy extraordinary and minister plenipotentiary of the United States to that country, a commission to negotiate and conclude by treaty a settlement of such matters of interest of the two governments as are now pending between them.

Postage Receipts.

The amount of postage stamps, envelopes, and postal cards issued to postmasters upon requisitions during the first nine months of the present fiscal year, aggregate in value $23,979,335, an increase over issues for the corresponding nine months of the previous fiscal year of $3,011,600.

Washington Notes.

WASHINGTON, April 9.—The house appropriation committee has concurred in the senate's amendment to the immediate deficiency bill.

The exodus committee heard A. J. Johnson, and commissioner at Atchison, Topeka and Santa Fe, who testified as to the pauperism of emigrants from the south. Major A. J. Allen, of Kansas, had heard many express a desire to return.

The ways and means committee were busy with the hoop iron question to-day, and substantially agreed on a report making a high rate of duty on cut hoop, and thus being favorable to protectionists. Absent members of the committee may possibly reverse this action.

Hewitt Writes Finley a Letter.

H. H. Finley has received the following letter from Abram S. Hewitt with reference to the former's difficulty with Springer:

NEW YORK, April 8.

To Hon. H. H. Finley—MY DEAR SIR: Your favor of the 6th inst. is received. I very much regret that the difficulty with Mr. Springer has occurred. The effect of these everlasting quarrels between democrats is to destroy the confidence of the public in the capacity of the democratic party for self government. I had already written Mr. Springer that you had never claimed to represent Mr. Tilden and that you had written me a letter which plainly showed that your relations with him did not enable you to get his views, and I have sent him a copy of your letter, so that there will be no excuse hereafter for charging you with being a representative of Tilden. If you desire, I will cheerfully bear testimony to the fact that you served the national committee well and faithfully in 1876; that your relations were of the most confidential character; that you never abused a confidence which was reposed in you, and that what money you expended was fully accounted for and with scrupulous fidelity. Yours truly,

ABRAM S. HEWITT.

THE POLITICAL REVOLUTION IN ENGLAND.

Total Gain of the Liberals—The "Times" Compliments Gladstone, Etc.

[SPECIAL DISPATCH TO THE OREGONIAN.]

LONDON, April 10.—The liberal's net gain is now 94 seats.

The *Times* this morning says that the queen is expected to arrive in England by the end of next week. We may therefore expect that a very few days will see the formal close of Beaconsfield's administration. At Lord Beaconsfield's age, it is probable that his active career is over and that he will not again wield power. His career has been an eminent one and by a great majority of his countrymen will not fail to be regarded with the respect due one of the most distinguished statesman. The article concludes: If Gladstone remains outside of the ministry it will be impossible to constitute it on a thoroughly stable basis.

Further Statements.

The *Times* estimates that the liberals in the house will number about 340, and home rulers from 60 to 65. The conservatives can hardly count on more than 250. The liberals will thus find their position in the new parliament nearly the same as that of the present government in the late parliament. At a sitting of the liberal executive committee yesterday a deputation was appointed to proceed to Hawarden to urge Gladstone to consent to a public reception in London.

The chancellor of the exchequer has had a prolonged interview with Beaconsfield, who has also been visited by Cranebrook, secretary for India. It is stated that on the return to London of the home secretary and the secretary for war a cabinet council will be held, probably Monday next.

Death of an English Peer.

John Somerset Packington, Lord Hampton, is dead. He was in his 82d year.

The election of the Marquis of Hartington, liberal leader, and Grafton, liberal for northeast Lancashire, is a liberal gain of two seats. The Marquis of Hartington had already been returned from Radnorthburg. His election to-day for northeast Lancashire together with that of Grafton, defeats the conservative candidates, Mr. Chamberlain Starkee, member of the last house, and W. T. Ecrowd. The poll stood as follows: Lord Hartington, liberal, 6682; Grafton, liberal 6513; Ecrowd, conservative, 5233; Starkee, conservative, 5185.

Parliamentary Elections in Ireland.

LONDON, April 10.—South Ireland re-elects Sullivan, home ruler, in place of George H. Kirk, liberal, in favor of home rule. Lord Edward Cavendish, brother of the Marquis of Hartington, is chosen for Derbyshire, north, in place of Augustus P. Arkwright, conservative. Mayor Gray of Dublin, home rule, is elected for Carlow.

MEXICO.

Death of the Wife of President Diaz.

CITY OF MEXICO, April 9.—The wife of President Diaz, of Mexico, died at the capitol to day.

The organ of officialism at Olympia says that E. P. Ferry "will settle in Seattle and engage in the practice of his profession." As his profession since 1857 has been that of office-holding, people beyond the river will begin to wonder what official position under the municipality of Seattle is the object of his professional ambition.

PACIFIC COAST NEWS.

CALIFORNIA.

Time Fixed for the Adjournment of the California Legislature.

SAN FRANCISCO, April 10.—The senate and house have agreed to adjourn on the 16th at 12 noon.

Weston's Walk.

Weston's walk against time has attracted scarcely any attention and is a flat failure as regards score which at one this afternoon was only 334 miles. The walk closes at 11 this evening.

Kane's Case.

Senator Kane, now in jail at Sacramento, will probably make no effort for his release preferring to wait until adjournment, which will occur on the 16th, when he will be set at liberty.

In the senate this afternoon the mining debris bill finally passed, ayes 23 noes 15. It now goes to the governor.

Assessment.

Ophir levies an assessment of $1 50 and Hillside an assessment of 50c.

Suicides.

SAN FRANCISCO, April 10.—A ragpicker named Frank Cooney, a native of France, aged 55 years, committed suicide at 4 P. M. yesterday by hanging himself in a room on Ellick alley. Deceased told a friend he was going to hang himself as he was without means of support, and had failed to obtain admission into the alms house.

RED BLUFF, Cal., April 10.—Samuel Brachman, a merchant, doing business in the town of Tehama, yesterday committed suicide by jumping into the Sacramento river at that place. It is said that he was financially embarrassed and for some time has shown signs of insanity. The body was recovered this morning.

Kearney's Trial.

Kearney's case came up in the superior court to-day. Continuance was asked for the purpose of attacking the record transmitted from the police court, but was denied. Argument commenced, consuming the afternoon, and will be continued on Monday.

NEVADA.

A Big Mining Case.

EUREKA, April 10.—The Richmond company to-day commenced proceedings against the Albion. Bosses, and the men in the mine have been cited to appear before Judge Rives in chambers to-morrow to answer the charge of contempt of court. Last fall Richmond commenced action against Albion to enjoin the latter from trespassing on the former's ground. The case involves a long trial on the merits of the controversy. The court granted at that time an order restraining the Albion Co. from passing under any portion of Richmond's patented lines until the main case could be finally heard and determined on its merits. Richmond now holds that Albion is encroaching upon forbidden territory, and Albion on the other hand asserts that it is not within forty feet of the line. The proceedings will not interfere with the working of Albion. The case will be decided to morrow.

The K. K. mine was to-day formally transferred to Eureka Con, the men discharged and works shut down.

WASHINGTON TERRITORY.

Port Townsend Items.

PORT TOWNSEND, April 11.—The steamer *Virginia* has been purchased in San Francisco by parties here, to ply between this city, the iron mines and Whidby island. The steamer has been shipped on the barkentine *Kate Pickenger*.

Weather pleasant; wind fresh from the southeast.

BRITISH COLUMBIA.

British Columbia Items.

VICTORIA, April 10.—The strike at Nanaimo is at an end, the coal owners and miners having compromised on a sliding scale. Work will be resumed on next Monday.

The weather here is warm, with April showers.

Reports from up country represent stock as improving, and the snow and ice disappearing.

Engineers start out next week to prepare work on the railway for the contractors.

Snckeen river is a glare of ice. The ice is as smooth as a floor. Most of the snow has blown off. Choquet came down from Telegraph creek with sleds laden with 250 pounds of furs, propelled by sails.

The winter has been the coldest ever known on the northern coast.

There was nothing done at the diggings; everything being frozen up.

Tom Anderson is still monarch of all he surveys. Johnson remains unstrung, and is said to be losing his head. The Indians declare that the government are afraid to hang him and they are becoming menacing in their attitude. They are said to be arming and have openly threatened to kill a white "tyhee" in compensation for Johnson's death should he be hanged. Mr. Giffen, the constable, is now the only person on the river with any authority.

There are plenty of provisions on Dease creek, but supplies are short at the landing and Telegraph creek. Eighty-five men have entered Cassiar since the 1st of January. Sugar is 50 cents per pound, bacon 50 cents, ham 60 cents, and flour $32 a barrel.

BY ATLANTIC CABLE.

Bismarck and the Bundesrath.

Famine in Turkey.

CONSTANTINOPLE, April 9.—A terrible famine is raging at Mosul, in Turkish Koordistan. Four thousand inhabitants fled to Bagdad and hundreds are on the road.

The Famine at Van.

ST. PETERSBURG, April 9.—A telegram from the Russian consul at Van, Armenia, appeals for aid to save the inhabitants of that district from annihilation. The famine is increasing; 150 persons died of starvation at Aghak in the villages. Girls are dying by the hundred at Van. The Russian authorities at Rastoff have forwarded 50,000 pounds of flour to Van.

Official Change.

VIENNA, April 10.—Baron Von Hoffman, at his own request, has been relieved of his functions as Austro Hungarian minister of finance, and Herr Szlavy appointed his successor.

The Governorship of Washington Territory.

From the Olympia Transcript.

It is to be hoped that this (the new appointment) is the beginning of a new and honest reign of politics in the territory, and the termination of that corrupt political scheming which has sacrificed the most important interests of the people to the aggrandizement of unprincipled demagogues. The masses of the people throughout the territory will rejoice at the change. Probably no candidate ever had as much done for him to secure his renomination as Gov. Ferry, but it was overdone. And when the reaction came, supported by hosts of remonstrances he failed. Six months' work in the circulation of petitions by servile parasites, the endorsements forced from the members of the legislature, the mandate of the central committee, the gyrations and combined influence of certain federal officials, failed to secure his reappointment. A new nomination has been made, truth and justice is triumphant, and this is glorious indeed.

THE GREAT WALK.

BLACK DAN BEATS THE BEST TIME ON RECORD.

Exciting Scenes at the Close of the Contest—Great Excitement, Etc.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

NEW YORK, April 10.—At 5 o'clock the band stopped and the pedestrians prepared for final spurts. At 6 o'clock Hart had made 540 miles, 5½ miles better than the best record for the time. He then ran around the track carrying the American flag, and received thunders of applause. At 6:32 prolonged applause greeted the announcement that Hart had equaled Brown's score of 553 miles 12 hours less time. He started on a run, bearing a broom wrapped in the stars and stripes as he ran around, seemingly fresh as at the start. The applause was deafening. At 7:15 Hart gave an exhibition of fast walking which, after 30 laps he changed into a run, the crowd drowning the music of the band with shouts "Go it, Black Dan!" Dobler and Howard kept the champion company for time in this dash. At 8 o'clock Hart appeared clad in blue and ashe, passed a box, where four ladies decorated him with a beautiful sash and sceptre. At 8:11 Hart finished his 560. At 8:25 Hanwaker completed his 450 miles, securing about $53 for his labors and pains of the week. Howard, Pegram and Hart (linked) ran once around the track, and soon afterward Dobler and Howard together carried a floral gift which had just been presented the former. The cheers at this time for Chicago's game representative were deafening. The O'Leary belt was fastened on Black Dan and he then made the last lap of the greatest six day race on record, finishing 565 miles and 165 yards at 9:24 30" o'clock.

The total score is as follows: Hart, 565 miles; Dobler, 531; Pegram, 513½; Howard, 531½; Allen, 525¼; Williams, 509½; Krohne, 516; Hanwaker, 450¼.

THE WEST POINT OUTRAGE.

Evidence before the Examining Commission.

[SPECIAL DISPATCHES TO THE OREGONIAN]

POUGHKEEPSIE, April 9.—Cadet Whittaker described the men who attacked him, and said that he made out to cry, which might have been heard by the neighbors if awake. The men had on slippers or were in stockings, and one carried a taper or candle. He had no suspicions as to their identity; had always expected to pass the examination, and had no cause to suspect that his instructors were prejudiced against him. An examination of the belt with which he was tied revealed eyelets, which officers' belts alone have. This was deemed important by his counsel. Whittaker testified that he had no conversation with his assailants except to beg them not to cut his ear. His condition was carefully considered by a surgeon. He stated that an oath was binding on his conscience, and that he firmly believed that a false oath involved future punishment.

Two barbers testified that a small pair of scissors, found in his room, could not have cut his hair as now cut.

Geo. R. Burnett, of the first class, was called. Witness was officer of the day, and the first one who entered Whittaker's room. He described the condition in which he found Whittaker, weltering in blood, bound and bruised. Whittaker, being shaken, had said twice, "please don't cut me." It seemed, from witness' illustrations, that Whittaker was so securely tied that he could hardly have bound himself, although witness, after being tied as Whittaker was, did untie himself in court.

ARIZONA.

The Arizona Judicial Scandal.

PRESCOTT, April 10.—All newspapers here, both democratic and republican, denounce in strong terms the charges preferred against Judge Silent and the motives of those preferring them, and assert that the California delegation in congress has been misled by Charles P. Eagan, who went to Washington to prefer charges and who is agent of the Peck Mining Company, which recently lost a suit in Judge Silent's court.

DEMOCRATIC SENATORIAL CAUCUS.

The Majority Insist upon Pushing the Spofford-Kellogg Business.

[SPECIAL DISPATCH TO THE OREGONIAN.]

WASHINGTON, April 10.—Before the democratic senatorial caucus last night Senators Jones, Hill of Georgia, Saulsbury, Vance and Vest took the ground that the Spofford-Kellogg case could not properly be postponed. They were opposed to any evasion of the issue and wanted the democratic party to have and show the courage of its convictions. They insisted that it was plain that Senator Kellogg had not the right to his seat, and that the majority should not hesitate to seat Spofford.

Garland spoke in favor of getting on with more important public business. The Kellogg case was not a pressing matter, and it should await the senate's action upon pending appropriation bills and other necessary general legislation. Garland expressed the decided opinion that the Kellogg case ought to be laid over until next session.

Thurman thought the Geneva award bill of a great deal more consequence than the Kellogg case, and urged that it be given preference.

Considerable feeling was manifested by senators who argued in favor of immediate action on the Louisiana case, and some intimated that they would make the question a personal matter and retaliate upon those who would bring about a postponement. Senators Hill, Saulsbury and Vance, of the election committee, held an investigation of this case, which was ordered with the understanding that it should be disposed of as soon as all the facts should be learned, and they therefore thought it would not be treating the committee right to postpone the matter. Investigation of the matter having been entrusted to the committee, and the labor having been faithfully performed, the majority of the senate ought to stand by the committee and its conclusions.

Senator Bayard and some others thereupon remarked that their understanding was that the committee were to inquire whether or not the case was res adjudicata, and that the question of whether the Kellogg seat was open to dispute was thereafter to be determined by the senate at its convenience and upon its own judgment.

Although, as above stated, a majority of those present at the caucus were evidently in favor of giving other business preference over this case, the minority who insist upon its prompt consideration are so urgent that it is still very possible they may carry their point.

Railway through Idaho.

[From the N. Y. Railway World, March 25.]

Surveyors have started to make the final survey of this road, which is to be built as a branch of the Union Pacific, and will be practically the main line of the Utah and Northern, the whole distance traversed being 600 miles. Starting from Port Neuf station, Idaho, 148 miles above Ogden, it will run through the Snake and Salmon rivers and Wood river mining regions to Boise City, and on through Oregon to Portland at tide-water. Probably not over 75 or 100 miles of the road will be built this season, which, however, will carry it into the Salmon river region.

MOST HORRIBLE.

Four Hundred Human Beings to be Sacrificed to Buddha.

[SPECIAL DISPATCH TO THE OREGONIAN.]

LONDON, April 9.—A correspondent at Thyetmyo says that a further dispatch has been received from the Burmese government. It is believed that they have decided to meet the wishes of the British government. It is probable that safe conduct will be given the Burmese embassy to proceed to Calcutta. Rumors of the death of King Theebaw are unfounded. Small pox is raging at Mandalay and the heir apparent has died from the disease.

A Burmah correspondent says that Mandalay astrologers maintain that in order to remove evil influences, great propitiatory sacrifice is requisite. Victims will be taken from all ranks to the number of 400. The priests contribute 100; the remainder are to be made up of men, women and children. Many arrests have been made to secure a sufficient number of victims. The priests, who have hitherto enjoyed immunity from sacrifices, are quitting Mandalay in great numbers. A Catholic convent was entered to procure victims from among the girls there, but the attempt was frustrated. The condition of the country is most unsatisfactory.

MONDAY MORNING APRIL [illegible]

TOO UNANIMOUS

The republican convention of Multnomah county held on Saturday was managed rather too unanimously to work well. A programme had evidently been [illegible] had evidently been performed in which it [illegible] that he would be to break [illegible] the proceedings. Of course the delegates to be elected to the state convention had all been picked out several days before and the list was in the pocket of the chief manager. Caucus had next perfected the drill. But to prevent possibility of even the least [illegible] ance in the order of the regular [illegible] a nominating committee was appointed to report the names of delegates to be elected, which was sufficient notice that none others need apply. Among the twenty four names thus reported consisting wholly of persons who had been selected by the managers and ratified at a previous caucus the three members of the nominating committee included their own names doubtless because it would be troublesome to get others who could be equally depended on for the whole programme which the bosses may require in the state convention. The twenty four persons were all elected without a dissenting vote which is not to be wondered at as such dissent would be looked on in no other light than treason to the party. A couple of federal officials were the authors and finishers of the programme and one of them is on the list of delegates. That no one may be able to say that this is a captious statement or criticism we print a full report of the proceedings, after reading which every person will see the points for himself. There are a great many reasons why we think it would be desirable to secure republican success this year. But if success is surely to be gained the work must be laid out on broader foundations than indicated by proceedings of this nature. To managers no doubt it is agreeable to have a party so narrowed down that it can be easily controlled but the support and votes of some others also are required to win at the polls and it does not strike us as a matter of much importance to make conventions run smoothly after the manner of this one if the result is to be a sacrifice of that unity which is essential to success. We don't know whether the managers want to carry the elections of this year, or not or whether they want any help or not but if they desire either the one thing or the other, they would do well to give the proceedings taken in the name of the republican party somewhat greater freedom of action and breadth of design. THE OREGONIAN gives this as entirely faithful and disinterested counsel since it has no objects whatever of its own to gain or seek through political action. It is precisely because neither this journal nor any one connected with it seeks gain advantage, or position through party that it can afford to speak out plainly on these subjects. The republican party of Oregon has been sacrificed repeatedly because it was made too narrow and exclusive. More breadth is necessary. It has been managed as if the fear was that the party would grow too large, in which case some might be pushed from their stools and the scepter of party wrenched from them by unlineal hands. The coming state convention would do well to act in a broader and less selfish spirit, as we believe it will. It should be needless to say that without the hearty co operation and united vote of all republicans the state cannot be won, or that experience has shown that such hearty co operation and united vote cannot be secured on any basis which regards party as existing solely for the advantage of those who organize to control its action, while all others are counted simply as so much voting material to ratify whatever may be required. The common answer that those who do not approve these things are soreheads and bolters, is hardly conclusive. Certainly it seldom mends matters or achieves results. A better way is through fairness, and something like an appearance at least of abstention from that species of "management" which always reveals the narrow and selfish purpose behind it and so offends those large numbers who though they have no objects of a political sort to gain for themselves, nevertheless, and chiefly for that very reason, resent such things as unbecoming and unfair in their methods, and unworthy in their objects.

HONESTY ONLY IN THE ABSTRACT

How much the democratic managers in this state are in favor of "honesty, efficiency and economy in all departments of government"—we quote from the Albany platform—may be judged by the fact that their convention had no word of censure for the profligacy of the Grover-Chadwick administration, and no word of approval for the work of the committee of investigation and the resulting reforms. A further illustration of the same tendency to place partisanship before the public welfare is seen in the fact that no word of commendation was passed upon the present administration of the state, under which the government is being carried on at a reduction of fifty to one hundred thousand dollars a year as compared with the Grover Chadwick looseness, corruption and extravagance. Still another is furnished by the fact that no democratic paper in the state has yet printed or even referred to the recent letter of Speaker Thompson, written to show the necessity of the reforms and to emphasize their results. It is due, however to truth to say that those who control the utterances of the party do not adhere to the Grover Chadwick administration in this way because of its corruption but because of their own intense partisanship. Though they know they cannot defend it, they are so controlled by mere partisan feeling that they will not condemn it. In their view, the record of their party is sacred and its wisdom is infallible. Hence whatever is done in the name of the party even if it be robbery, is to be defended and upheld.

Now it is to be observed that in no single instance or item has the report of the committee of investigation been disproved. In no particular has the attack upon it met with slightest success. On the contrary, in so far as it has led to judicial inquiry it has been fully sustained by the legal tribunals of the state. Great reduction of expense has been effected in nearly all affairs connected with the state government. Some of these results were pointed out in Speaker Thompson's letter which has been denied circulation of the democratic press. Proofs of [illegible] profligacy and corruption investigated [illegible] legislative committee have been [illegible] as the proofs of the Tweed frauds in New York. Grover and Chadwick had objects to gain and it was their rule to make politics support politics. The public service was [illegible] under every species of corrupt and extravagant [illegible] but only to further their [illegible]. The [illegible] throughout the state was sustained from the public treasury. A system of reciprocal rapine carried Grover [illegible] senate and [illegible] pockets of his adherents. As for Chadwick he missed his objects because the corruptions were discovered before the time came for consummation of that part of the scheme which was to bring him his reward.

In one very striking way the people have a regular reminder of the extravagance [illegible] gacy and corruption of the late administration which the party in its convention and newspapers so studiously ignores. That reminder comes through increased taxation to pay the debt left as a legacy of official robbery. The debt thus thrown as a burden o[illegible] [illegible] was [illegible] that $8,000 large [illegible] which had to be paid by direct taxation and hence an additional state tax [illegible] could what was ever known before was imposed on the people to restore to the treasury money which had been [illegible] ed from it to reward personal favorites and partisan henchmen. The people are now [illegible] the paying this tax. But [illegible] the industry and business of the state are languishing [illegible] these [illegible] seem [illegible] that [illegible] can [illegible] against [illegible] a general [illegible] with [illegible] flagrant instances of [illegible] upon a home. Why not honesty in party affairs, as in other affairs and put an end of this never ending [illegible].

Of the democratic nominations for the supreme bench the *Sunday Mercury* supports only Judge Burnett. It repudiates Kelly and Prim and says there are thousands of democrats throughout the state who will not support them. It also reaches out for the scalp of Judge Bellinger, refusing to allow him the protection of the dignity which is supposed to hedge the regular nomination. It is whispered round that there will be some interesting reading in the *Mercury* before the canvass is over. There is room for it as the straight democratic paper run by that assistant in peculation the printing expert is insufferably dull stupid and incapable.

From his investment of $31 000 000 in four per cent. bonds Mr Vanderbilt derives an income of four cents a second $2 40 a minute $144 an hour and $3,4 a day. Of course this represents only a fragment of his income. A check for $310 000 representing one quarter's interest on his four per cents passed through the clearing house in New York a few days since. It takes a man with such an income about all his time to invest his interest.

The annual expenditures of the several European states Russia taking the lead and Germany following next in order have increased from $1,694 000 000 in 1860 to $2,9[illegible] 250,000 in 1879 or at the rate of nearly 47 per cent, two-thirds of which increase is ascribed by the London *Economist* to military expenditures and all this to keep peace in the family.

Gov Foster of Ohio, has written a letter which has found its way to the public expressing a belief that Gen. Grant if nominated, could not carry that state. The opinion is based chiefly on the attitude of German republicans.

A few days ago the Albany (N. Y.) *Journal* celebrated the fiftieth anniversary of its existence and Thurlow Weed, its founder and original editor, resumed his chair long enough to write the leading editorial article.

So brief and evanescent is the fame of beauty. To-day on the lips of all men and triumphant in the eyes of all; to-morrow forgotten as if she had not been. THE OREGON KIDNEY TEA!

Read the following testimonials, not from persons 3 000 miles away, whom no one knows, but from well known and trustworthy citizens of Oregon, whose names, written with their own hands, can be seen at our office.

I hereby certify that I have used the **Oregon Kidney Tea** and obtained immediate relief. It is a blessing to humanity. I take pleasure in recommending it to the afflicted. I am now nearly [illegible] years old. Came to Oregon in 1812 in the employ of the Hudson's Bay Company, and since I begun using the Oregon Kidney Tea I enjoy good health.
DAVID MUNROE

Highland, Clackamas Co, Or, March 20 1880

I have suffered with a disease of the kidneys for 5 or 7 years and for the last two months have been laid up with a pain in my back. A friend sent me a sample of the **Oregon Kidney Tea** and having used it one week I can now do a good day's work. I have derived more benefit from it than from all the medicine I have ever taken.

PORTLAND
CITY HOMESTEAD.

THE LAND IN THIS ENTERPRISE LIES adjoining the city and is only from ten to fifteen minutes' walk from the court house and a less distance than that from one of the best public schools in the city. It is divided into

One Thousand and Twenty-Four Lots,

Fifty by one hundred feet in size, with streets sixty feet wide. Two hundred of these lots will be reserved for those who desire to improve and build this summer and fall. These lots will be sold on the same liberal terms that are offered in the Homestead proper.

Price.

All lots will be sold for $100 each, payable in installments of $5 per month, or the small sum of 16⅔ cents per day. No interest will be charged, and a good and sufficient Bond for Deed will be given upon the payment of the first installment of $5, and a Warranty Deed upon receipt of last installment, both without expense to purchaser.

Appreciation of Values.

By reference to *The Oregonian* of Feb 15th it will be found that city property has advanced twenty five per cent during the past year. As there has been no excitement, the rise is wholly attributable to the increasing immigration and the growing confidence inspired by our numerous railroad enterprises and the development of our many natural resources that have hitherto slumbered for lack of energetic men to develop them.

It is True,

That of all real estate investments the homestead plan is the best and safest, as all who invest are interested in making the whole property more valuable. To illustrate: Suppose A builds a house on his lot and B owns a lot adjoining; B gets the benefit of A's improvement while A is not injured thereby. This philosophy will apply to the entire property.

We have donated a lot to each of the principal churches for church purposes.

In addition to the above two lots are set apart for public school purposes.

Division.

The division of this property will take place when the lots are all sold, or in any event not later than the

28th February, 1881,

at the Mechanics' Pavilion, commencing at 10 o'clock A M, public notice of which will be given by publication in two principal journals in the State.

It will be made in the manner decided upon by a majority of the purchasers in the Homestead. Parties interested may appoint proxies to act for them if they desire to do so. Parties who do not attend at the time of the division, either in person or by proxy, will be bound by the plans [illegible] upon by the majority of those who do so attend.

It is suggested by the purchasers that division might be made by placing the number of each lot and block in a wheel or box and the name of each party interested in the homestead in another; [illegible] will be drawn from one and a number from the other and the lot so drawn deeded to the person whose name is so drawn [illegible] payments are made.

All but the first installment must be paid at the banking house of Ladd & Tilton in the city of Portland.

YOUNG BUT THRIVING

"OMNES PROSINT"—HEALTH FOR ALL.
The Original Oregon Botanical Remedies.
Prepared Only by Wm. Pfunder, Operative Chemist.

Why we, the people of the Pacific Coast should any longer be pestered with worthless nostrums made fifty years ago east of the Rocky Mountains, and that too, by persons who never even knew chemistry by its name proper, much less its wonderful workings. This question suggested itself years ago to Wm Pfunder, the only operative chemist in Oregon. The result was that this gentleman applied himself to a great and tedious research of the different vegetations, growing in immense quantities, especially in Oregon, but shedding—until his discoveries—all their VIRTUES from year to year to mother earth. His tedious researches, scientific applications, and proper combinations, culminated in the production known to-day as the OREGON BLOOD PURIFIER. *Progressu labore et scientia extractum concentratum, nominis Pfunderii Oregoniense formatur.*

Experience makes the master. Having had experience with very difficult medicines, chemicals, etc. for over 25 years, and having mastered them all through hard study both here, and in the East and in Europe, we can confidently recommend our Botanical Remedies, because we have extracted nay "wrenched" from the very heart-strings of hidden nature, all that is good and beneficial to suffering humanity, and leaving the **Empty Shells and Worthless Leaves** to imitators, green and inexperienced.

WM. PFUNDER'S OREGON BLOOD PURIFIER will positively be found a valuable remedy for **chronic constipation, affected kidneys, dyspepsia, liver complaint, rheumatism, scrofula**, and all other diseases having their origin in impure blood.

[illegible] Oregon, January [illegible] 1880. [illegible] A few bottles of your indeed valuable medicine, called PFUNDER'S OREGON BLOOD PURIFIER, [illegible] my Rheumatism of [illegible] years standing and other acquaintances speak very highly about it, performing a cure in every instance. [illegible] made known to [illegible] sufferers, hence I make the above statement. H. SCHWARTZ

[illegible] years a resident of Portland, says: "For [illegible] years I suffered from liver complaint—tried everything. Cured with 6 bottles PFUNDER'S OREGON BLOOD PURIFIER [illegible] and am still using it when occasion requires." What? The OREGON BLOOD PURIFIER! Such are the words of one of our lady [illegible] will understand what is meant.

[illegible] Get a bottle of PFUNDER'S OREGON BLOOD PURIFIER. Use it; those pimples will leave your otherwise finely shaped forehead. [illegible] lady [illegible] also try a bottle of this really invigorating remedy and regain that natural bloom on your sweet face which no paint or powder can [illegible]

[illegible] general debility removed in a short time, rapid gaining of flesh, improved complexion and good health. I sold my last bottle of **Pfunder's** Oregon Blood Purifier to Doctor Angee of [illegible] place, whose wife has been suffering from general debility for over one year although the Doctor tried his best to [illegible] your remedy the patient felt better, so much so that the doctor wants one dozen of this truly good medicine which please send in my care at [illegible] An extract received from Mr. Boos, Forest Grove, Oregon.

I [illegible] R [illegible] of Multnomah county, State of Oregon, certify herewith that **Wm. Pfunder's Oregon Blood Purifier** has entirely cured me of a skin disease [illegible] by poison oak. Although I had applied to several physicians for relief, none of these gents could do me any good, and I herewith recommend the **Oregon Blood Purifier** to all suffering with such skin diseases. Signed F RUBIG

[illegible] I used to dread [illegible] sea voyage, but now since I take **Pfunder's Oregon Blood Purifier** I do not feel the least inconvenience. Use a dose or two before going on board and same after leaving vessel.

Look at [illegible]—that sallow sole leather face—that dull red rimmed eye—that slouching walk—yes, look at him well. He is a dyspeptic. Now look at this [illegible] elastic step, bright eye, healthy complexion—how is this? Well, he uses **Pfunder's Oregon Blood Purifier** and nothing else.

Mountain fever of years standing cured without the use of Quinine in a short time. Read and admire. "I have been suffering from mountain fever for years. My physicians told me the only chance of my getting better would be a change of climate. Accidentally I came across a bottle of **Pfunder's Oregon Blood Purifier**, used it, and following directions by using a bottle of the S S S Fever and Ague Mixture in addition, I am perfectly healthy now, and thus capsized the theory of my physicians." GEORGE GREEN, Mail Carrier U S

Ladies in that delicate state—ever to be revered—but ever creating nausea, will find speedy relief by using **Pfunder's Oregon Blood Purifier**.

Pfunder's S S S (safe, sure, speedy) Fever and Ague Mixture Certificate. "I suffered some time with, what I was told, malarial fever, accompanied with pains in my head, back, in fact, felt pains all over. Not getting any better after using all kinds of medicines, I tried PFUNDER'S FEVER AND AGUE MIXTURE, and since gained rapidly in health." MAHER WEISER, Seventh and C streets, Portland

The different Constitutions. The Constitution of the United States, that master piece of human brain. How is your constitution? If billious, use **Pfunder's Oregon Blood Purifier**, the triumph of modern science.

THE PEOPLE'S CHOICE.—TONIC—Bitters, sugared sarsaparilla, watered bad whiskies and pills made B. C.—hard as rock, are the cause, the reason, that to-day our people suffer more from liver complaint, poor digestion, etc. than any other nation. The idea of giving our working population such trash, and magnifying that trash by calling it ferrated (or iron containing) medicine here where nature's products are abundant, and very nutritious. Eat our Columbia River salmon; that splendid beef derived from cattle feeding on bunch grass, those vegetables at once healthy and within the reach of every body, and then laugh at those puerile efforts of ignorant, inconsequent parties trying to force iron into your system. All you want—you, who constitute the mass of the people is, to get your liver into working order, and there is no other or better remedy than PFUNDER'S OREGON BLOOD PURIFIER. Price, per bottle, one dollar. Five dollars for half a dozen.

Your Druggist has it or will get it for you. "The Original." Insist upon having it!

I have just returned to Portland after an absence of seven years and propose to make this city my future home, where I intend, by honorable dealings with all and close attention to business, to build up a good trade.

I will also state that owing to my very small expenses in doing the work myself I am enabled to sell goods at the very smallest profit. [illegible] expenses per month are from $125 to $150 I can afford to sell CHEAPER than those who have from $600 to $1500 expenses per month.

There is not a merchant in the State of Oregon in my line who can purchase goods cheaper than I, as I buy them direct from the manufacturers.

Is called to the fact that we have just received, per steamer State of California, a LARGE BANKRUPT STOCK, purchased in New York by MR. J FRANKLIN at 50 cents on the dollar, and the way we intend to show you that what we say is so, and not merely bragging, is by giving you a Price List that will astonish you all, and if these figures are not the LOWEST in Oregon, we will stand aside and take a back seat. Competition is the life of trade, and there is so much competition in Portland that goods must be sold low to gain trade, and owing to the facilities we have in having our own wholesale house in San Francisco at 18 and 20 Battery street, we will again state that our prices cannot be beat.

Wool—There seems to be more excitement about wool in the interior of the state than the condition of affairs here will justify As yet the east is hardly represented here, while at the same time country buyers through the San Joaquin seem to be anxious to make purchases of desirable clips at prices much in advance of what local buyers are willing to offer Reports from the east are to the effect that large stocks of Montevideo and other South American and Australian wools are now arriving and they claim that these wools are laid down at much more favorable rates than our quotations for California clip Meanwhile the market is quiet here and will be so until the weather clears and stock comes forward freely which has not been the case so far nominal quotations 27 to 35 cents

Liverpool Wheat Market.

(SPECIAL DISPATCH TO THE OREGONIAN)

LIVERPOOL April 10 —A leading grain circular says that the wheat trade remains apathetic and the tendency again easier Foreign wheat is a shilling lower The best quality of English because of its scarcity fairly maintained at previous rates. Cargoes off coast sell slowly at six pence decline Buyers are altogether averse to operate for future arrivals. At Liverpool and adjacent markets since Tuesday business in wheat has been of merest retail character at a penny under Tuesday's prices. The supply of corn is still limited and is steadily held At this morning's market there was a very good demand for wheat. In white, however, very little business was reported, prices receding a penny to two pence. Flour was dull and nominally unchanged. Corn, because of scarcity, realizes half a penny advance for such parcels as are ready for delivery

THE NEW YORK, BOSTON AND PHILADELPHIA FREIGHT MARKETS

(SPECIAL DISPATCH TO THE OREGONIAN)

NEW YORK, April 10 —The market for clipper freights shows no material change from its position of the past month or more, and there seems to be no immediate prospect of improvement. It was thought that advanced rates by steamer would help the market, but as yet there has been no gain from that quarter. Shippers are holding back evidently to take advantage of a downward turn in prices of many commodities. Ships, as a consequence, are loading slowly The Colusa and Triumphant will probably finish next week Rates are weak and irregular, as there is considerable competition for any freight offered. Tonnage is more plenty than for a long time, but all three lines have sufficient for the present requirements.

The M. S Grace follows the Oracle at this port, having been withdrawn from Baltimore, where she was to have had a full cargo of coal

At Boston there is no ship on berth the market being very quiet. Railroad freights, however are moderately active

Philadelphia is also very quiet, although there is but one vessel on berth, and she will not get away for some days yet.

Such as SPERMATORRHEA or SEMINAL WEAKNESS or LOSS OF PERFECT VITALITY Nearly two thirds of all the Chronic Diseases spring either directly or indirectly from some derangement of the sexual system and yet this subject is neglected by the majority of the Medical Profession

I know that persons who are unfortunate enough to be afflicted by any form of sexual disease have a delicacy in calling upon the proper physician in time from a sense of modesty and sometimes from ignorance, and permit those diseases to exist until their constitutions become corrupted, their organization broken down and the hope of future happiness blighted until death be comes a welcome messenger to carry them out of their miserable existence
